

EZ-FIX™

Repair Stand

On The Fly Repair

Kinetic's EZ-Fix™ repair stand puts the tools where people need them the most – on trails, near streets, and in bike rooms.

With nine basic tools permanently tethered to a bike holder via steel cables, and designed to be placed either inside or outside, the EZ-Fix™ provides cyclists with a work stand along with all the tools needed for minor bicycle repairs and adjustments.

Experience the Kinetic difference.
